

MVP WellBeing Rewards

Earn **\$600** on your path to well-being!

MVP Health Care® (MVP) is committed to helping you along your path to better health. By making healthy choices, you can earn up to \$600, per contract, per calendar year, with MVP WellBeing Rewards.

Earn \$400 for completing your Personal Health Assessment (PHA) and a health screening.

You must complete both of these steps to earn \$400 in WellBeing Rewards:

Step 1—Take an online PHA

This online survey takes 15–30 minutes and is available on your WellBeing Rewards homepage. Sign in to Gia® at **my.mvphealthcare.com** and select *Well-Being*, then *Begin Your Path to Well-Being*. Answer questions about your health and lifestyle, and receive a customized plan to help you meet your health goals.

Step 2—Get a health screening

There are two ways that you can document a health screening so that you are eligible to earn WellBeing Rewards:

Option 1—Schedule an appointment at a company-sponsored biometric screening

During a 20-minute biometric screening appointment, you give a small sample of blood via a finger stick. You'll receive immediate results and insight into your blood glucose, cholesterol, blood pressure, and BMI. Fasting is not required.

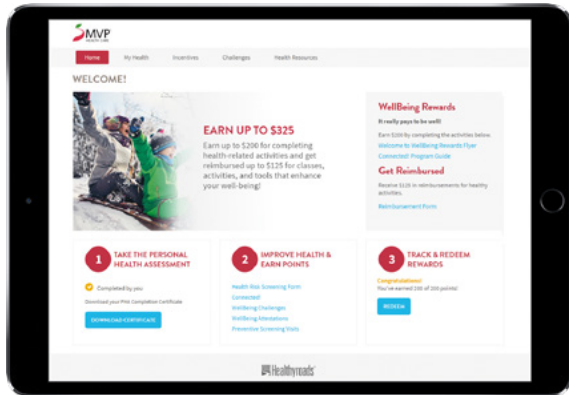

Option 2—Visit your Primary Care Provider (PCP)

Download the *Health Risk Screening* form and bring it to your annual visit with your PCP. Returning a *Health Risk Screening* form completed and signed by your PCP can also help you complete the second requirement to earn your rewards.

Receive up to \$200 in Reimbursements

MVP will reimburse you up to \$200 for expenses associated with activities, tools, and online apps that enhance your well-being, like fitness memberships and equipment, mindfulness apps, park passes, youth sports equipment, health monitoring devices, ergonomic equipment, and more!
